

CAPABILITY STATEMENT

CUSTOMIZED CONTROLS CORPORATION

Industrial Supply. Controls & Automation. Practical Solutions.

Woman-owned and family-run, Customized Controls supplies industrial equipment and components, develops control solutions, and helps buyers source and prepare the products their operations need. Founded in 2010 in Texas, we bring practical industrial experience to both parts orders and project requirements.

CORE CAPABILITIES

Coating Equipment

WAGNER powder and liquid application equipment, C.A. Technologies spray equipment, replacement parts, pumps, guns, controls, and accessories.

Electrical & Industrial Supply

Circuit protection, automation components, sensors, enclosures, wire and cable, pneumatic and mechanical parts, tools, safety products, and MRO supplies.

Controls & Automation

Custom control panels, electrical design, PLC and HMI programming, troubleshooting, controls upgrades, and equipment integration.

Product Sourcing

Sourcing from part numbers, photos, drawings, bills of materials, and existing records; supplier coordination for mixed-product requirements.

Kitting & Light Assembly

Component grouping, counting, labeling, packaging, and suitable light assembly to customer-provided drawings or written instructions.

WHY CUSTOMIZED CONTROLS

A direct point of contact. A real person reviews your request and follows up on the details.

Products and practical experience. Component supply, controls work, and order preparation through one company.

EXPERIENCE

WAGNER distributor. Our history includes UL 508A control-panel work and panel-shop experience.
